Subject: **Mayor Alfred S. Romualdez invitation to a meeting**

**Dear Engr. Solite,**

Warm Greetings!

This refers to the letter of Mayor Alfred Romualdez, City Mayor of Tacloban, inviting us to a meeting on the **“Endorsement and Urgent Formulation of Comprehensive Flood Control Master Plan for Tacloban City”**, as attached.

Knowing that the flood-related problems do not require engineering solutions alone but ecological as well, which requires environmental measures, may we respectfully request for Dr. Eva Lopez to join PH Haiyan in this meeting to share her valuable insights and expertise on ecological solutions in addressing such problems?

We look forward to your usual support and cooperation.

Thank you.

Very truly yours,

**PETRONILO “Pete” L. ILAGAN**
